Alma Mater, Fondly We Bid Thee Adieu

It is with sadness that it is coming to an end.....

2026 will go down in history as the final Greater Gallitzin Joint High School Homecoming.

Our homecoming has been an annual event for 75 years, but because of declining attendees, and after much thought, the alumni association has come to this decision.

The class of 1966 is the last class from GGJHS to celebrate 60 years since graduating . Prior classes were able to celebrate the 60 years mark or more.

Our scholarship committee will continue to offer scholarships, with eligibility requirements remaining the same. You will continue to receive a newsletter with Gallitzin tidbits and information on applying for a scholarship. Information will also be available on our website at www.gallitzinpa.com. We hope to see you this year and to share an unforgettable evening! Let's go out on a high note!

GO GREMLINS!!!!!!!!!!!!

Jane (Madonna)Marcinko Treasurer
GGJHS CLASS OF 1965

GALLITZIN PUBLIC LIBRARY

The Gallitzin Public Library invites all alumni to stop in to check out our newly renovated space. It was almost 1 year from weeding books, packing, and moving to the borough secretary office to finally relocating back to the library. It is a bright, inviting space with something for everyone. We have an extensive large print book selection, and young adult and juvenile collection as well as an amazing children's area. We have the Caldecott and Newberry Award winners and an area for local history. Our stem and learning toy selection is extensive. We have 3 desktops and a few laptops for public use. Our beautiful office area and new pantry complete this space. Without our dedicated staff, hardworking board of trustees, and tireless volunteers none of this would have been accomplished. From the grant writing process, design, and countless setbacks we never gave up our vision, we are extremely proud of this library. Please visit if you get the opportunity.

Deb Chuckalovchak
Board President

Gremlin Park Update

Our biggest update at the park this year is the addition of our stage! The addition of the stage was made possible by a donation from a local business. Our park is being used more and more for community gatherings and private parties. So, just a reminder-if you are looking for an outside venue for a gathering, call our borough office for details!
